

Porzio Life Sciences Offers Global Compliance and Commercialization Services with Launch of

April 17, 2015

Expanding upon the increasing global commercial and regulatory compliance needs of its customers, Porzio Life Sciences, LLC (PorzioLS), has formed a new affiliate, Porzio Life Sciences, B.V., based in the Netherlands. PorzioLS also announced the introduction of Porzio GST™, which provides an easy-to-use, configurable interface enabling companies to capture and manage data elements necessary for meeting reporting obligations, such as consent and privacy, cross-border tracking and reporting of local country offices, affiliated organizations and vendors in countries including across Europe, Japan and Australia.

According to PorzioLS president [D. Jeffrey Campbell](#), "Not only will Porzio Life Sciences, B.V. provide the well-established global compliance and transparency solutions for which PorzioLS is known, but will also help our clients' bring products to Europe and fulfill both their strategic and tactical implementation needs across all corporate, commercial, regulatory, market access, legal and pharmacovigilance functional areas."
