Porzio's Janelle Edwards-Stewart was quoted in Union County Local Source article, "Springfield leaves 'looping' in superintendent's hands," on December 28, 2017.

"Looping" is when a class of students continues with the same teacher from one grade year to the next.

Attorney for Springfield Board of Education, Ms. Edwards-Stewart states that, "The board has taken a position. They have respected the authority vested in the superintendent to make these determinations about which classrooms these kids go into."
