Since it was first published in 1983, Best Lawyers® has become universally regarded as the definitive guide to legal excellence. Best Lawyers lists are compiled based on an exhaustive peer-review evaluation. 83,000 industry leading lawyers are eligible to vote (from around the world), and we have received almost 10 million evaluations on the legal abilities of other lawyers based on their specific practice areas around the world.

For the 2019 Edition of The Best Lawyers in America©, 7.4 million votes were analyzed, which resulted in more than 58,000 leading lawyers being included in the new edition. Lawyers are not required or allowed to pay a fee to be listed; therefore inclusion in Best Lawyers is considered a singular honor. Corporate Counsel magazine has called Best Lawyers "the most respected referral list of attorneys in practice."

It is important to note that the lawyers listed in Best Lawyers have no say in deciding which practice areas they are included in. They are voted into practice areas entirely as a result of the votes they receive from their peers. The subspecialties listed after their names are based on information from a variety of sources.
