Porzio Helps Teens Give Back Through Small Hands Big Hearts United Partnership

April 11, 2014

Porzio proudly sponsored "Building Pieces of Love" Habitat for Humanity's Component Build Day on March 29, 2014 in Raleigh, NC. Porzio, in partnership with Small Hands Big Hearts United (SHBH), provided supplies and lunch for local teens, 14 years and older, who built windows, doors and various components to be used by Habitat for Humanity for house builds in 2014.

SHBH is a non-profit organization who seeks to foster children's natural instinct to help others and the world around them by organizing youth volunteers for creative and impactful charitable programs. The event was attended by Timothy S. Ayers, a principal of Porzio, and his family. Mr. Ayers is also Vice President of Porzio Life Sciences, LLC, a subsidiary of Porzio, with offices in Cary, NC.
