

Porzio Hosted Presentation by Motivational Speaker David DeNotaris at Princeton Club

March 26, 2014 Porzio, Bromberg and Newman hosted a presentation by gifted motivational speaker David DeNotaris at the Princeton Club in New York City. Mr. DeNotaris, born with a rare eye disorder, Retinitis Pigmentosa, spoke to his life experiences, challenges he's faced, and shared positive strategies for overcoming obstacles. We thank Mr. DeNotaris for his time and for sharing those experiences that have played a part in shaping his remarkable story.
