Porzio principal Vito A. Gagliardi, Jr. was quoted in the *NorthJersey.com* article, "Englewood school board votes in favor of legal battle with Englewood Cliffs," by Matthew McGrath.

The article focuses on the Englewood Board of Education's decision to grant permission to prepare a preliminary court case against Englewood Cliffs schools, should Englewood Cliffs attempt to sever the send-receive relationship between the two districts.

Representing Englewood Cliffs as their appointed advisor, Mr. Gagliardi notes that no decision has been made yet regarding the send-receive agreement. He spoke at the recent school board meeting, stating, "The [Englewood school board] resolution reads as if there is a decision. A decision hasn't been made, and that's why there's a study being done."
